**How much is a USSSA Scholarship worth?**

Kansas USSSA budgets for the scholarship in its general budget each year. The amount provided for college scholarships, however, may not be a fixed amount each year. To date, no scholarship amount has been more than \$500...to be spent as the recipient desires. However, future candidates may be award more, depending upon the number of overall submittals or based upon what the Committee feels might be “special merit.” Recipients will receive a lump sum payment from our State Office and are then free to spend the award on anything from actual tuition, room & board, books, or other expenses.
